III OTHER INFORMATION:

(1) Reasons for loss or inadequate profits:

The education sector presented a huge potential for the company and the company embarked on an aggressive growth path given that it was pioneer in this area. The company equipped 11000, 27000 and 40,000 classes with its Smart Class product in FY 2009-10, FY 2010-11 and FY 2011-12 respectively and maintained its leadership position in the market. However, during this period of high growth, the Company could not implement the projects in timely manner resulting in higher implementation and finance costs that adversely affected liquidity and profitability of the company. Further as the Company pays substantial amount upfront in implementation of contract, delayed payment by debtors has adversely impacted the cash flows of the company coupled with delayed payment cycle from government schools under ICT program. Investment in education companies with long gestation period also takes longer time to provide adequate return.

(2) Steps taken or proposed to be taken for improvement :

From the beginning of FY 2012-13, the Company has been in a phase of consolidation. Company is focusing its energies on operational efficiencies, strengthening our balance sheet, focusing on cash flows and launching new products and services through existing sales and distribution network.

Given the changed business environment, the Company has focused on cost management. Company has already begun the process of exiting non-core businesses and in addition company has closed loss making businesses which should also help improve our operating performance.

Company is also working on streamlining its operations, integrating technology into the supply chain and servicing components to replace and optimize our existing cost structure. During previous year, company has undertaken specific measures in K-12 business wherein corporate expenses have been reduced by more than 50%.

The Company has also restructured its rupee denominated liabilities through CDR process.

The Company hopes that these concrete measures would show signs of recovery in the Company's growth path.

(3) Expected increase in productivity and profits in measurable terms:

The Company is driving on its six point agenda of Focus, Cautious growth, Solution company, Correction of Asset Liability mismatch, a leaner organization and Leadership initiated during the FY 2012-13 and followed in FY 2013-14.

Company has been focusing on consolidating its position as one of the leaders in the industry. The emphasis has been on reorienting its business strategy and enhancing its internal capabilities. The Company aims to be leaner and more productive. The company believes that the near term outlook in FY 15 is towards being positive, considering liquidity easing on account of CDR and the company chasing aggressive sales. By leveraging (a) the extremely valuable IP based smart learning solutions and (b) an enviable customer reach of 34,500 schools and ~23 million learners, over the mid-term, the company remains confident of returning the business to a position of strength.

As mentioned above, the management has already taken and is continuing to undertake diligent efforts to step up the performance of the Company and it is expected that the reinforced and dedicated efforts would certainly bring about an improvement in the operational growth in future. However it is difficult to forecast the productivity and profitability in measurable terms but, the Company expects that the productivity and profitability may improve and would be comparable with the industry average.
